A COAL COMBINE.

All Bituminous Companies in In-
diana, Pennsylvania, Illinois,
Ohio and Kentucky

Pittsburg, Pa., Sept. 4.—All the bitu-
minous coal mining companies of
Pennsylvania, Ohio, Illinois, Indiana,
West Virginia and Kentucky are to be
consolidated into one great corpora-
tion by the J. P. Morgan syndicate.
The enormous proportions of this
consolidation can hardly be realized.
The fact that the Pittsburg Coal Co.,
with its capital of \$64,000,000, and the
Monongahela River Consolidated Coal
and Coke Co., with its capital of
\$30,000,000, are to be included in this
greater consolidation, brings the
matter strongly before Pittsburg
coal operators. These two corpora-
tions practically control all the out-
put in the Pittsburgh district, and
extend their operations well down
toward West Virginia in two direc-
tions.

Officers of these companies are ex-
pected to attend a meeting of the
coal operators of New York on Thurs-
day of next week, at which the pro-
visionary steps toward the forma-
tion of the greater combine will be
taken.

Other interests that will be rep-
resented from the Pennsylvania fields
will be from the Lehigh Valley Co.,
the new Fairmont Coal Co., and a
large number of smaller corporations
of this kind. Still other interests
from Indiana, Illinois, West Virginia
and Kentucky, where for the past two
months movements have been on foot
for the consolidation of these states
into state corporations for these par-
ticular fields. The railroads are also
taking a keen interest in the project,
and owing to the Morgan interests
predominating in that field, the con-
solidation is looked upon as being
unusually strong.

The completion of this great pro-
ject will mean the consolidation of
from \$200,000,000 to \$300,000,000 of in-
vested capital, almost rivaling in
importance the recent organization
of the United States steel corpora-
tion.

THE PACKING TRADES.

A Strike of 17,000 Skilled Workmen
Throughout the United States
Is Threatened.

Chicago, Sept. 4.—A strike of 17,000
skilled workmen in the packing
trades throughout the country is
threatened. The last day for the
packing firms to give an answer to
the recent demand of the butchers
and meat dressers for an increase of
ten per cent. in the present scale of
wages expired Tuesday night.

In the labor circles affected there
is consequently much uneasiness.
The ignoring of their demands
by the butchers and meat dressers
is regarded as a foreboding a struggle
if the demand is to be urged.

cal Department of the Army Re-
main to Be Filled.

Texarkana, Ark., Sept. 4.—No. 1
Cotton Belt passenger train, leaving
Texarkana at 9:25 p. m., was held
up and robbed near Elyria, four miles
south of Texarkana, Tuesday night.
The train was flagged by one of the
robbers, who forced the fireman to
go back and cut off the mail and
baggage cars, and, returning, forced
the engineer to give up the manage-
ment of his engine. One of the rob-
bers, an expert engineer, ran the
engine, mail and express cars about a
mile from the point where the first
stop was made, and forced the
express messenger to open his car.
The robbers then blew the safe with
dynamite, securing it is said, a very
large amount of booty.

less cash in the treasury, amounted

not include \$780,033,599 in certificates
and treasury notes outstanding which
are offset by an equal amount of cash
held for their redemption.

(Benson's Plaster is Pain's Master.)
For coughs and colds Benson's Plaster is an incomparably better remedy than any other—external or internal. Their medicinal properties enter the skin and go straight to the seat of the disease. They relieve and cure a "scalded" cold without disturbing the system or upsetting the stomach. Coughs, colds, croup, whooping cough, influenza, and all the highest degree, and quickest to act. Placed on the chest or back or on both at once in serious cases, the good effect is felt immediately. The congestion yields, the cough abates and the breathing improves. Lung or bronchial affections or kidney ailments are cured with the least possible suffering and loss of time.
Benson's Plaster is immeasurably superior to Belladonna, Strengthening, Capsum or any other combination in plaster form. They are also preferable to ointments, liniments and salves.
Benson's Plaster has received fifty-five highest awards over all competitors, and more than 5,000 physicians and druggists have declared them to be one of the few trustworthy household remedies. For sale by all druggists, or we will prepay postage on any number ordered in the United States on receipt of 25c. each.
Be sure you get the genuine. Accept no imitations or substitutes.

The bride wore a very becoming costume and the groom wore the usual color black. After the ceremony was performed the guests were invited into the dining hall, where a very inviting dinner awaited them. Thousands Have Kidney Trouble and Don't Know It.
How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours. A sediment or settling indicates an unhealthy condition of the kidneys. If it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also a convincing proof that the kidneys and bladder are out of order.
What To Do.
There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery free if you will send a card to the writer.
